This week's best class record of...

Attendance goes to **Year 3 Yellow 100 %**

Punctuality goes to **Reception Paddington Bears 99.96 %**

WELL DONE EVERYONE

St Peter's Information

A friendly reminder to all parents/carers to report all absences to the school office **before 9:00am**. You can report your child absent by calling the school office 0207 504 0537 or sending an email to office@stpeaton.org.uk If your child has a medical appointment and needs to be collected early then please provide proof of appointment.

If your child has any medical needs including asthma, eczema or any allergies that the school have not been informed of please make sure to contact the school.

Early Years have also asked if any parents would kindly donate any old uniform and underwear it would be very much appreciated.

4th April – Lenten Disco

4th April – Year 6 Cake Sale

5th April - Last day of term, school closes at 2pm

Head's Message

The week began with a splash – **The Key Stage 2 Swimming Gala**, which was brilliantly organised by Mr Cannon and turned out to be a huge success. Many Gold, Silver and Bronze medals were awarded and all who participated as swimmers or audience thoroughly enjoyed the morning. Many thanks for all the hard work and support from staff, pupils and parents who made this possible.

We had visits from the Speech and Language therapists, Educational Psychologist, the Anna Freud counsellor and the Korean Media Broadcasting, the South Korean equivalent of our BBC, who wanted to find out from our School governor Ted Gush and me about our efforts to improve air quality for pupils and staff at St Peter's.

Some of you may be aware of the malicious virus Momo, which has been reported to pop up in some child apps. I understand that the authorities have now successfully closed this down. The Diocese has advised that if you are concerned about this issue you might want to visit the CEOP ParentZone <https://parentzone.org.uk/article/three-minute-briefing-momo-challenge> or CBBC <https://www.bbc.com/ownit/its-personal/when-you-see-something-scary-online> .

I wanted to again assure you that children's internet access at school is always supervised but in any case the school firewall is extremely robust in blocking such viruses. However, this does not mean that children are not aware of the issue and may even have been exposed to this particular virus character outside school if access to the internet is unsupervised. At school, we talk to the children about internet safety and encourage them to speak to an adult either at home or school if they are at all worried.

Best wishes for a safe and restful weekend.

Miles Ridley
