St Peters Eaton Square Year 5 a

L.O- In this lesson we will explore “Three Four” time.

Last week we introduced a new piece called The Little Night Waltz. Listen to some of these examples of $\frac{3}{4}$ time. Below are some clips of other waltzes. Can you count 1,2,3 along to the pulse.

The Blue Danube- After the first section the speed livens up and you can feel the 1,2,3.

<https://www.youtube.com/watch?v=CTYymbbEL4>

Tchaikovsky- Waltz of the flowers -This one has a beautiful Harp solo listen to it and then count 1,2,3

<https://www.youtube.com/watch?v=QxHkLdQy5f0>

You can also try – Stamp clap clap, Stamp clap clap, all the way through to the pulse then the strong beat lands on the stamps.

Try it to this compilation, some are faster than others and some are harder to clap to than others.

Three four time is written on the music **like this.**

You will have been tapping this alone with the clips above.

Try listening to the Little Night Waltz and count along to it while you play.

Extension task conducting

Try drawing this triangle in the air each beat is a size of the triangle. The strong beat is the one you start on and is the **one that goes down**
